

ACADEMIC REGULATION OF
UNIVERSITAS NEGERI PADANG

MINISTRY OF EDUCATION AND CULTURE
UNIVERSITAS NEGERI PADANG
2015

FOREWORD

This book contains academic regulations that must be used as a reference by teaching staff, students, and academic administration staff in the learning and service process.

The source of academic regulations of Universitas Negeri Padang is the legal product issued by the government, including laws, government regulations, the Decree of the Minister of National Education, and the Decree of the Director General of Higher Education as well Statute of Universitas Negeri Padang.

With a correct understanding of the academic regulations issued, it is hoped that the education process at Universitas Negeri Padang will be more accountable to the public, efficient in the process, and relevant to the needs of the community.

Finally, high appreciation is given to the entire drafting team and the UNP senate members who participated in providing input and refinement of this book.

Padang, 20 February 2015

Vice Rector of Academic

Prof. Dr. Agus Irianto

NIP 195408301980031001

RECTOR

DECREE OF UNIVERSITAS NEGERI PADANG

Number: 086 / UN35 / AK / 2015

2. The first written warning was given by the Dean / Director of PPs at the suggestion of the head of the study program to master (S2) level students who in the first semester passed less than 6 credits with a GPA less than 2.5.
3. The second written warning was given by the Dean, at the suggestion of the head of the department / study program, to diploma and undergraduate students who in the second semester passed less than 22 credits with a Grade Point Average (GPA) of less than 2.0.
4. The second written warning was given by the Dean / Director of PPs at the suggestion of the head of the study program, to students of the master study program (S2) who in the second semester passed less than 12 credits with a Grade Point Average (GPA) of less than 2.5.
5. The third written warning is given by the Dean, at the suggestion of the head of the department / study program, to diploma and undergraduate students who in the third semester graduated less than 33 credits with a GPA of less than 2.0.
6. The third written warning was given by the Dean / Director of PPs, at the suggestion of the head of the study program, to students of master study programs (S2) who in the second semester passed less than 18 credits with a Grade Point Average (GPA) of less than 2.5.
7. Students of diploma and undergraduate programs can be dismissed by the Rector at the recommendation of the Dean, if after studying for four semesters they pass less than 44 credits and a GPA of less than 2.0. The same sanction is imposed on students who in the semester

fifth pass less than 55 credits or achieve a GPA of less than 2.0 with the minimum requirement after being given the opportunity to improve their scores for one semester.

8. If the student exceeds the used study period, the Rector can dismiss the student concerned at the suggestion of the Dean / Director of PPs. The maximum study period used for students is as follows:
 - a. 3 (three) to 5 (five) years for diploma III program.
 - b. 4 (four) to 6 (six) years for diploma IV and undergraduate programs.
 - c. 1 (one) to 2 (two) years for professional programs after completing a four-year undergraduate or diploma program.
 - d. 1.5 (one point five) to 4 (four) years for a master program after completing a four-year undergraduate or diploma program.
9. Students are declared to have failed and their academic activities are suspended for a maximum of two semesters if they are proven to have plagiarized papers, reports, final projects, final projects, theses, and dissertations belonging to others, either partially or completely. If it is proven that you have committed plagiarism after the pass score has been given, then the score is canceled.
10. If plagiarism is discovered after a student has graduated, the certificate in question can be canceled by the decision of the UNP Rector.
11. If the student is known and proven to be using the services of another party to replace him and / or assist in carrying out the examination, he will be subject to sanctions for suspension of academic activities for a maximum of two semesters.
12. If the UNP student is known and proven to be the party substitute and / or assisting in carrying out the exam, the person concerned will be subject to the severest sanction being dismissed as a UNP student.
13. If proven to falsify grades or falsify the signatures of lecturers, elements of heads of departments / study programs, faculties, and universities, the student concerned will be suspended academic activities for a maximum of two semesters.
14. Students are suspended for their academic activities for a maximum of two semesters if they are proven to have damaged UNP facilities, criminal acts, immorality, and drugs.
15. Students are dismissed if they are sentenced to prison for committing criminal, immoral, and drug acts based on a court decision that has permanent legal force.
16. Students must replace equipment that is damaged due to negligence in using the equipment.
17. Students have their academic activities suspended for at least one semester and can be dismissed if they make threats, acts of violence against fellow UNP students, employees, lecturers, students, teachers or employees of training schools, supervisors and leaders of

companies / clubs where students carry out Field Experience/ FieldIndustry Practice / Internships and Coaching Practices.

18. Students are dismissed if they do not participate in the academic program and do not re-register for three consecutive semesters without official permission.
19. Sanctions in the form of suspension of academic activities and dismissal of students are set by the Rector on the recommendation of the dean / director of PPs. Other sanctions are given by the dean / director of the PPs concerned at the suggestion of the head of the department / study program.

Article 20

Study Load and Period of Study

1. The study load for diploma III program is 108 (one hundred and eight) credits scheduled for 6 (six) semesters and can be taken within at least 6 (six) semesters and for a maximum of 10 (ten) semesters after secondary education.
2. Study load of undergraduate or diploma IV program, 144 (one hundred and forty four) credits scheduled for 8 (eight) semesters and can be taken in less than 8 (eight) semesters and a maximum of 12 (twelve) semesters after secondary education.
3. Professional program study load, 36 (thirty six) credits scheduled for 2 (two) semesters and a maximum of 4 (four) semesters after undergraduate education.
4. Master program study load, 46 (forty six) credits scheduled for 4 (four) semesters and can be taken within 3 (three) semesters and a maximum of 8 (eight) semesters after undergraduate education or diploma IV.
5. Doctoral program study load, 52 (fifty two) credits which are scheduled for a minimum of 6 (six) semesters and a maximum of 11 (eleven) semesters after the master program education.
6. The amount of study load that a student can participate in in a given semester is determined by the GP of the student concerned in the previous 2 semesters (odd-odd and even) with PA approval based on the guidelines below, except for semester 1 and 2 which are defined by the package system.

Table 4. Study Load

Achievement Index Last semester Diploma and Strata 1	Maximum credits taken
0.00 - 2.00 (Low)	15
2.01 - 3.00 (Moderate)	18
3.01 - 4.00 (High)	20 The

7. load of high academic achievement students after the first two semesters of the first year can be added up to 64 (sixty four) hours per week equivalent to 24 credits per semester.

8. Students who take a semester off from college and want to be active again, are assigned a credit load based on the previous relevant semester's GPA (Even-Even, Odd-Odd).
9. Students who have finished their study period can be extended a maximum of 1 (one) semester if they receive consideration and approval from the Head of Department / Head of Study Program and the Dean / Director of PPs.
10. Students who take the Educational Field Experience (PLK) may take a maximum of 1 (one) course other than a thesis / final diploma project provided that they can follow all the requirements of the course.

Article 21

Grouping of Subjects

1. Subject grouping is carried out based on study themes and the same characteristics of the course and *learning outcomes* (LO) of each study program.
2. Course grouping for the field of Education is:
 1. General Course Group (MKU)
 2. Basic Educational Course Group (MKDK)
 3. Expertise Areas Courses Group (MKBK)
 4. Learning Process Skills Courses Group (MKKPP)
 5. Education Development Courses Group (MKPP)
3. General Course is aimed at equipping students with general basic competencies such as faith and piety, Indonesian and others.
4. Basic Education Course Group are aimed at equipping students as prospective educators with basic competencies related to basic educational sciences.
5. Expertise Areas Courses Group aims to equip students with the academic competence of the main study substance (*content knowledge*) in accordance with their respective majors or study programs.
6. Learning Process Skills Courses Group (MKKPP) equips students with various approaches, models, methods, strategies, and learning theories.
7. Education Development Courses Group (MKPP) equips students with the ability to do; research in education, development of teaching materials, development of learning tools, and development of learning curricula.
8. The grouping of courses for non-educational fields takes into account the principles of the Indonesian National Competency Framework (KKN) which consists of: general competencies, main competencies, special competencies, and other competencies based on *learning outcomes* compiled by each study program.
9. General competence courses study covers religious education, citizenship education, Indonesian, English (foreign language) and mathematics or statistics.

10. The main competency course groups are developed by each study program concerned in accordance with the characteristics of the graduate in accordance with the vision and mission of the study program.
11. Groups of special competency courses are developed by each study program concerned in accordance with the characteristics of the study program graduates that are proclaimed in the vision and mission of the university.
12. Other groups of competency courses are developed by each study program concerned in accordance with the specific characteristics of the study program compared to other similar study programs.

Article 22

Taking courses

1. Courses are taken according to the study program curriculum in accordance with the year of entry of the student concerned.
2. The prerequisite courses can be taken in accordance with the provisions of the Department / Study Program.
3. The introduction of the Educational Field is carried out with an integrated system with learning courses.

Article 23

Lecture Implementation

1. Each course can be held in the form of academic activities as follows:
 1. face-to-face,
 2. laboratory practicum,
 3. field lectures,
 4. educational field experience,
 5. industrial practice/ apprenticeship,
 6. apprenticeship,
 7. training practice,
 8. research,
 9. tutorials,
 10. lectures *e-learning, distance-learning, and blended-learning,*
 11. other academic activities.
2. Competency standards and basic competencies for each subject are stated in the syllabus of the relevant course.
3. The course syllabus prepared by the lecturer / lecturer group is given to students participating in the lecture at the beginning of the lecture.

4. Structured individual tutorials / studies are held for one semester and are registered in KRS.
5. Individual structured tutorial / study may be given for the following cases:
 - a. the course is no longer offered in the current semester and / or the following semester;
 - b. students who can take the tutorial are students who live a maximum of 2 courses.
6. The tutorial / structured individual study referred to in points "a" and "b" above can be given if it has received approval from the head of the department and is known by the assistant dean of academic affairs.
7. The maximum semester credit load is 9 credits only for theory courses.
8. All courses offered for each semester in a study program must be registered with the Bureau of Academic Administration and Student Affairs.
9. E-learning can be done for several topics in a subject that has been prepared by a lecturer, a maximum of 40% of learning activities each semester.

Article 24

Changes in Subjects

1. Changes to courses that are being taken by a student in one semester either in the form of replacements, additions or cancellations, can be made after obtaining permission from the head of the Department / Study Program / UPT MKU / MKB /MKF coordinator with the approval of the Academic Advisor.
2. The student concerned can carry out the changes as referred to in paragraph (1) *online* according to the predetermined schedule (academic calendar).
3. Cancellation of courses outside the procedure in paragraph (2) results in giving an "E" score on the relevant course.

Article 25

Attendance of Lectures

1. One semester consists of 16 lectures (including midterm and final semester examinations) and / or have been achieved *learning outcomes*/ competencies through learning activities as referred to in article 23 paragraph (1) which is equivalent to the provisions of the Semester Credit System (SKS).).
2. Students are required to take at least 80% of the total attendance as referred to in paragraph (1) above as a condition for taking the final semester exam.

Article 26

Semester Off

1. Semester off is an official postponement of lectures and other academic activities for one semester as evidenced by a Certificate of Study Break issued by BAAK UNP.

2. During the semester off period, students are free from the obligation to pay tuition fees and are not entitled to academic services, and are not counted as the study period.
3. Students who are allowed to take a semester off after studying for a minimum of one semester and a maximum of ten semesters are allowed.
4. Students who want to take a break from college must submit an application for a semester off to the Rector through the head of BAAK after receiving written approval from the Academic Advisor lecturer and the head of the department / study program.
5. Applications for college breaks are submitted at the time of re-registration at the beginning of the semester.
6. Semester off can be given a maximum of 2 (two) semesters.
7. Students who do not submit a semester off letter and do not re-register will be automatically rested through a Rector's Decree. To be active again, you must meet the following requirements:
 1. the semester off period is counted as the study period;
 2. pay SPP / UKT / Practicum during automatic rest;
 3. received written permission from the Head of Department / Study Program and the Dean, to be active again.
8. For students who are automatically rested by the rector for 2 (two) consecutive semesters or not in a row, they will be given sanctions to be dismissed as UNP students through a Rector's Decree.

Article 27

Transferring College

1. Students who are allowed to move to UNP with the following conditions:
 1. students come from state universities,
 2. study programs or scientific accreditation and are at least the same.
 3. the study program concerned accepts the transfer application of the student concerned as evidenced by the acceptance letter of approval.
2. Moving courses in environmental UNP is moved from one course to another course, both inside and outside the faculty of UNP.

Article 28

Requirements for Moving to UNP

1. General Requirements
 1. Submit a letter of application to the Rector of UNP by attaching a transfer letter and transcript issued by the state university of origin.
 2. At least you have attended lectures for 2 semesters and a maximum of 4 semesters.
 3. Physically and mentally healthy.
 4. Apply before the semester runs.

5. Never violated the rules / regulations at the home university as evidenced by a valid certificate issued by the head of the state university of origin.
2. Special Requirements
 - a. Have a minimum cumulative IP of 3.00.
 - b. Fulfill other administrative requirements set by UNP.
 - c. Willing to obey all regulations at UNP.
 - d. The decision for admission of students moving from other tertiary institutions is determined by the Rector based on recommendations from the head of the department / study program and the Dean / Director of PPs.

Article 29

Conditions for Transfer from UNP

Submit a letter of application that has been approved by the head of the department and the dean to the UNP Rector by attaching the following letter.

1. A certificate issued by the Head of the UNP Library that the student concerned does not have a library book loan within the UNP environment.
2. A statement issued by the Vice Dean III of the faculty that the student concerned has no problems in student activities.
3. A certificate issued by the head of the department / study program that the student concerned has completed everything that could be detrimental to the department / study program.

Article 30

Changing Study Programs within the UNP

1. Changing study programs must be at the same entry path and program level.
2. Moving to a department / study program at a different faculty by:
 1. submitting an application letter to the Rector of UNP and the Head of BAAK UNP which is known by the head of the department and the dean of the faculty of origin, as well as receiving approval from the head of the department / study program and the dean of the intended faculty;
 2. has attended lectures for at least 2 semesters;
 3. apply before the current semester;
 4. the entry status of the student concerned does not go through the SNMPTN Invitation, Bidik Misi, and Achievement paths.
3. Switching to a department in the same faculty by
 1. submitting an application letter to the Rector of UNP and the Head of BAAK UNP approved by the head of the department / study program recipient and acknowledged by the dean of the faculty;

2. has attended lectures for at least 2 semesters;
 3. apply before the current semester;
 4. the entry status of the student concerned does not go through the SNMPTN Invitation, Bidik Misi, and Achievement paths.
10. Changing study programs is only valid once and is not allowed to return to the original study program or other study programs.

Article 31

Transfer

1. Transfer is a further education program from the diploma program to undergraduate (S1).
 2. Students who can take part in the transfer are:
 1. UNP alumni,
 2. alumni of other universities whose study programs have been accredited at least the same as the accreditation of the study program to be entered.
 3. Transfer procedure
 1. Candidates make an application letter to the UNP Rector up to the head of BAAK, complete with attachments to the necessary administrative and academic requirements.
 2. BAAK carries out a selection of administrative requirements.
 3. Files that meet the requirements are forwarded to the faculty / department / study program for consideration / assessment, acceptance or rejection.
 4. The considerations for the department / study program and the dean are forwarded to the Rector / BAAK;
 5. Student admissions will be announce by the Rector.
11. Admission of transfer students is regulated in separate rules.

Article 32

Teacher Professional Education Pre-service Teacher Professional Education

1. Program, hereinafter referred to as the PPG program, is an educational program organized to prepare non-education S1 / DIV graduates who have the talent and interest in becoming teachers in order to fully master the competence of teachers in accordance with national education standards so that they can obtain professional educator certificates in early childhood education, basic education, and secondary education.
2. PPG program objectives;
 1. to produce teacher candidates who have the competence in planning, implementing, and assessing learning;
 2. follow up on the results of the assessment by conducting guidance, and training students; and

3. able to carry out research and develop professionalism in a sustainable manner.
3. The technical implementation of PPG refers to the applicable regulations, PPG quality assurance manual, and Universitas Negeri Padang PPG program guidebook.

Article 33
Counselor Professional Education

1. Counselor professional education is an advanced education taken by graduates of the Supervising and Counseling study program S1 to become a counselor.
2. Counselor Professional Education is oriented towards experience and practical skills in the field, and the graduates obtain a supervising and counseling professional certificate with a professional degree in accordance with applicable regulations.
3. The counselor's academic and professional competencies are mapped and formulated into pedagogical, personal, social, and professional competencies.
4. The implementation of the Counselor Professional Education refers to the prevailing laws and regulations and the guidebook for the Professional Education for Counselors at the Universitas Negeri Padang.

CHAPTER VI ASSESSMENT OF LEARNING OUTCOMES

Article 34
Objectives of Learning Outcomes

1. Assessment Assessment of learning outcomes is carried out by lecturers to monitor the process, progress, and improvement of the student learning process on an ongoing basis in the context of quality control.
2. Assessment of learning outcomes is based on the principles of objectivity, openness and honesty.

Article 35
Functions and Uses of Assessment of Learning Outcomes

1. Assessment of learning outcomes serves to provide information on the extent to which student learning outcomes are shown in a broad sense, including the dimensions of mastery of subject matter in the field of study.
2. Assessment of learning outcomes is useful for improving the learning process and measuring student learning achievement.

Article 36
Forms of Assessment

1. Assessment of learning outcomes can be carried out in the form of tests and non-tests.
2. Assessment in the form of tests, i.e, objective tests and essay test.

3. Assessment in the form of non-tests, i.e, tests of skills, processes, products, and portfolios or authentic.
4. Objective tests and descriptions can be carried out in written or oral form using standard and objective instruments.
5. Components assessment Portfolio can be obtained through assignments / homework, group seminars, making collections, case study reports, literature studies, or book reports, translations, and observations.

Article 37 Examination

1. Examinations can be held in the form of quizzes, semester exams and final assignments, theses, and dissertations.
2. The semester exams consist of the Mid-Semester Examination (UTS) and the Final Semester Examination (UAS).
3. Final project exams are held at the end of a student's study according to the level of the program he is participating in.

Article 38 Requirements for Taking Semester Exams

1. A student has the right to take summative exams / final semester examinations (UAS) if he is registered as a participant in the course with a minimum attendance of 80%.
2. Students who have attended lectures and practicum at least 80% but cannot take the scheduled summative exam / final semester exam (UAS) due to illness or other obstacles for logical reasons and can be accepted by lecturers and heads of departments / study programs , then they can take the summative exam / final semester exam (follow-up exam) whose time is set separately.
3. Especially for students who are assigned by the rector / dean / head of department / head of study program to represent the interests of the university / faculty / department / study program, they can take summative exams / final semester exams (supplementary exams) with a minimum of 70% of lectures for one semester . If the attendance is less than 70%, the lecturer provides a tutorial so that he can take the follow-up exam.

Article 39 Examination

The person in charge of holding summative exams / final semester examinations (UAS) and final assignments is the department / study program / faculty / PPs. General Courses (MKU) and Basic Education Course (MKDK) organized by the institute / unit which coordinates the courses and assisted by the coordinator of the subjects.

Article 40

1. Summative Examination Schedule / Final Semester Examination (UAS) is held on a scheduled basis according to the academic calendar.
2. Summative Examination / Final Semester Examination (UAS) outside the predetermined schedule cannot be held except with the permission of the Head of Department / Study Program / Assistant of Dean I.

Article 41

Changes in Exam Schedule

1. Changes in the schedule and place of examination must be announced in writing by the department / study program / faculty / PPs / organizer coordinator.
2. Changes to the schedule and place of the exam may be held due to an urgent matter or an unexpected emergency.
3. Mistakes in reading the exam schedule or venue cannot be used as a valid reason for requesting a follow-up exam.

Article 42

Written Examination Rules

1. Students are allowed to take a course examination with the following conditions:
 1. the section number and name of the course are listed on the student's Course Selection Sheet for the current semester;
 2. not being subject to sanctions in the form of a written prohibition from participating in academic activities when the exam is taking place;
 3. wear modest and proper clothing;
 4. meet all the requirements to take the exam.
2. During the exam, students are required to:
 1. comply with all applicable exam rules and regulations;
 2. obey the instructions technical regarding the administration of examinations given to students by the supervisor;
 3. ask for the supervisor's approval before leaving the seat or exam room;
 4. submit the exam answer sheet to the supervisor on duty before leaving the exam.
3. During the examination, students are not allowed to:
 5. cooperate with other students in completing exam assignments;
 6. cheating or giving exam answers to other students;
 7. use notes, books, or other sources of information during the exam, unless this is permitted by the examining lecturer;
 8. take advantage of the services of other parties who assist in exam violations.
 9. behave that disturbs the orderliness of the administration examination;

10. communicate in any form with other test takers, without the permission of the examining lecturer / supervisory lecturer;
11. activate all forms of electronic communication tools.

Article 43
Examination Supervisors

1. Supervisors are lecturers of the relevant subject or other lecturers.
2. Staff can be assigned to supervise exams in dire need under the supervision of the lecturer concerned.

Article 44
Duties and Authorities of the Examination Supervisor

1. The examination supervisor has the duty to maintain order during the examination.
2. The examination supervisor has the following powers: to
 - a. arrange and determine the seat of each student;
 - b. curbing equipment or objects that can interfere with the smooth running of the exam;
 - c. refuse the presence of an unauthorized person as a participant in the exam room;
 - d. report the cheating act of the examinees in the Minutes of Examination Implementation.

Article 45
Sanctions Against Violation of the Examination Code of Conduct

1. Students who violate the examination rules as referred to in Article 42 will be given sanctions according to the level of the violation committed.
2. For students who are proven to have cheated during the exam as referred to in article 42 paragraphs (2) and (3), will be sanctioned being expelled from the exam room and given an E (failed).

Article 46
Assessment Standards for

1. Assessment can use the *Criterion Reference Test* -CRT) and / or *Norm Reference Test* (NRT).
2. Benchmarking Assessment is used when the learning process demands accurate and mature mastery for the achievement of certain competencies.
3. Norms Reference Assessment is used when it aims to compare learning outcomes among students.

Article 47
Final Score of Courses

1. The score of the courses that are processed are those that are officially registered on the Course Selection Sheet.

2. The complete value of a course is a combination of the Practicum Score, Mid-Semester Examination (UTS), Final Semester Examination (UAS), and other structured assignments.
3. Credit of scores is determined by the lecturer.
4. The complete score of a course is expressed by the Quality Score (NM), namely A, A-, B+, B-, C+, C-, D, and E which in the Quality Score (AM) are 4.0, 3.6, 3.3, 3.0, 2.6, 2.3, 2.0, 1.6, 1.0, and 0.0 respectively.
5. Score from 0 (zero) to 100 (one hundred) is used to get the Quality Score
6. The relationship between Score Value, Quality Score, Value Score, and Quality Designation (SM) is as follows.

Table 5. Distribution of Score

Score	Quality Score	Value Score	Designation
85 to 100	A	4.0	With Praise
80 to 84	A-	3.6	Very Good
75 to 79	B+	3.3	Very Good
70 to 74	B	3.0	Good
65 to 69	B-	2.6	Fairly Good
60 to 64	C+	2.3	More than Enough
55 to 59	C	2.0	Enough
50 to 54	C-	1.6	Less Sufficient
40 to 49	D	1.0	Less
≤ 39	E	0, 0	Failed
-	T	-	Delayed

7. For the assessment system for the final score of student courses in 2012 and previously still using the old grading system (A, B, C, D, and E)

Article 48

Incomplete Score (T)

1. A student who has not completed all the requirements of the assignment that is charged by the lecturer, then temporarily score can be given; **T** (delay).
2. Students who get a score **T** as referred to in the paragraph 1 above, must complete all the requirements of the relevant course within a time limit no later than one month after the score **T** is announced.
3. The change in the value **T** must be immediately eliminated by the lecturer in question through the Academic Portal at the stipulated time.

4. The value **T** automatically becomes **E** (fail) if the student concerned cannot complete and complete the assignments within one month.
5. In determining the GP, the value of **T** is not taken into account.

Article 49

Score Entry

1. Score entry is carried out by the course lecturer through an academic information system *online* according to a predetermined schedule.
2. Lecturers should not be late to entry the score of the predetermined schedule, because it will risk an "E" score for students.
3. The lecturer concerned must save the score archive as an assessment document and submit a *print-out of the grades* to the department / study program.
4. The department / study program must archive all the grades obtained by students as soon as they are graded by the lecturer.

Article 50

Student Report

Student Reports on study results can be accessed by the student concerned *online* through the UNP Academic Portal.

Article 51

Correction of Score

1. Correction of course scores is only allowed for courses that earn C- (C min) and D scores for undergraduate (S1) and Diploma programs, C + (C plus) for master (S2), and B- (B min) for the doctoral program (S3).
2. Any student who fix the score required to repeat and follow lectures, lab work, and academic work more for the course as a whole, and should be included in the Course Selection Sheet.
3. The final score is the last score that the students get after taking the repetition class.

BAB VII FINAL PROJECT

Article 52 Forms of Final

1. Project Final Project is a scientific work of prospective Bachelor, Master and Doctoral candidates which is the result of research in the form of a written paper, which is compiled by themselves based on a *Final Writing Guide* separate Project as one of the requirements in completing the study.
2. The topic of the final project must be the subject matter or problem that occurs in the field of study of the study program. The topic is researched scientifically on the basis of scientific theory in the study in question and uses the scientific method according to the field of study.

Article 53 The Language Used in Final Project

1. The project is written in good and correct Indonesian.
2. The final project may be written in English, especially for the English Education Study Program.
3. The final project is accompanied with an abstract which is written in Indonesian and English.

Article 54 Credit of the final project

Credit of the final project is in accordance with the curriculum of each study program.

Article 55

Time of Final Project Preparation

1. Students of diploma III program can start compiling their final since semester V.
2. Students of diploma IV and undergraduate programs can start compiling their final project / thesis since semester VI.
3. Masters program students can start compiling a thesis since semester III.
4. Doctoral program students can start compiling a dissertation since semester III.

Article 56

Final Project Supervising Process

Students follow the mentoring process with the following steps:

1. After the Advisory Team is determined (based on the Decree of the Dean / Director of PPs), students contact the two supervisors to establish the topic to be researched.
2. The appointment of the advisor must pay attention to the rank, functional position of the lecturer, and the field of science.
3. During the supervising process, students are required to fill out a supervising book every time they meet with one and two supervisors. The supervising book is used as material for consideration by the Head of Study Program / Dean in evaluating the process and progress of writing student proposals / theses.
4. The process of writing a final project must follow the provisions of scientific writing and its validity can be proven. If it cannot prove its validity, the final project may be canceled by the Advisor and / or Examiner Commission.
5. Under normal circumstances, the final project material from students is checked by the advisor within 7 days of receipt before being returned to the student for repair.
6. Students are required to report the progress made in the process of writing a final project to the Head of the Department / Head of Study Program.

7. If students do not show progress in research and writing of their final assignments, the Head of the Study Program / Dean / Director of PPs together with the Advisory Team tries to find a solution.
8. If there is a mismatch between the advisor and the student, the Head of the Study Program becomes the mediator in resolving existing differences.
9. In certain conditions and there is no common ground for completion in the implementation of supervising, the Dean / Director of PPs can take a policy to replace the Advisor.

Article 57

Proposal Seminar

After the preparation of the proposal, a proposal seminar is held with the following steps:

1. Requirements and Steps
 - a. To be able to be in the seminar, the final project proposal must have been approved by the advisor. This proposal is submitted in duplicate to the Administration section of the Faculty.
 - b. Students who will present their proposals are required to have attended *the Proposal Seminar* of other students at least five times in their own field of study.
 - c. Proposal Seminar Examiners and Thesis Examinations are determined by the Head of the Study Program.
 - d. Study Program staff and / or students contact the lecturers to ask for willingness to attend the Proposal Seminar at the specified time.
 - e. Students submit a list of the Advisory Team's willingness and lecturers who will be present on the day that is mutually agreed upon and forwarded by the Head of the Study Program to register the schedule with the Administration Department no later than *one week* before the seminar.
 - f. The invitation to attend the proposal seminar was issued by the Head of the Department / Head of Study Program / Assistant of Dean I / Assistant of Director I.
2. The Proposal Seminar
